Committed to revitalising Omagh

TO promote the town centre and support our unique local businesses and services, Fermanagh and Omagh District Council, in association with Omagh Chamber of Commerce, is delighted to support the UlsterHerald's Hello Omagh initiative.

The initiative also provides an opportunity for the council to showcase the new 'Place' brand for Omagh.

Titled 'Inspired by Omagh, The Heart of Tyrone', the brand echoes the warm, welcoming County town of Tyrone, and the community of people and businesses it represents.

It aims to increase the visibility of the town, with a consistent message that will be delivered through a marketing campaign to support recovery across the various sectors; retail, hospitality and visitor and night time economy.

Chair of Fermanagh and Omagh District Council, Cllr Errol Thomp-

son said that the Place brand captures the rich heritage of the town.

"Fermanagh and Omagh District Council is delighted to support the Hello Omagh initiative," he said. "The council is committed to working in partnership with all key stakeholders, including the business community, to aid the recovery and revitalisation of the town centre, to ensure its long-term sustainability and has already delivered a range of initiatives aimed at promoting confidence in our town centres as we emerge from the most challenging 18 months in living memory.

"The new Place brand design for Omagh is very much part of that support, with the new brand capturing the support and encouragement from the community and businesses to the town.

"It also captures the rich heritage of music, arts, and literature, and the

diverse mix of communities, visitors, people, and students.

"I would encourage the people of the town and district to embrace and take ownership of the new brand."

RECOVERY GRANTS

Fermanagh and Omagh District Council continues to support town centre recovery and revitalisation through the facilitation of Covid-19 Business Recovery Grants and Business Support Services.

The council are also delivering capital projects such as the creation of a green space in the heart of the town with the new Urban Garden, improved walking and cycling opportunities and town signage.

In tandem with this, new gateway features are being developed to improve the sense of arrival into the town with other planned improvements to enhance the appearance and accessibility of the inner gate-

ways in the town such as Market Street Arcade.

ENTERTAINMENT

A warm welcome awaits in the Strule Arts Centre, which opened its doors again recently. The venue has recently improved its provision with the introduction of a newly completed Changing Place facility which aims to support people with access needs when visiting the venue and the town centre. You can also avail of visitor information services on things to do in the Omagh area or find out about upcoming workshops and future performances.

More entertainment in the town centre with the return of the very popular 'Live and Local' music programme each Saturday lunchtime over the summer. The music programme supports local artists and provides a welcoming atmosphere for visitors to Omagh.

Come and be inspired by Omagh, in the heart of Tyrone!

Plan for a brighter future with Omagh Chamber of Commerce

RECOGNISED for helping businesses grow and develop, Omagh Chamber of Commerce is a membership organisation governed by a board and council.

Our aim is to support business, and encourage sustainable economic development in the Omagh area.

We represent all business sizes and all business sectors: Retail; manufacturing; services; engineering; digital; creative; banking; communication; entertainment; transport; hospitality; education; health; technology; and construction.

Bronagh Gormley, business development officer, said the Chamber's current focus is on helping businesses emerge stronger than before.

"Our role changes and evolves according to our member's needs," she explained. "Our focus very much shifted in the last two years, due to the impact of Covid-19.

"Our Facebook page became a place where businesses could get the most up-to-date information in relation to NI Executive briefings, breakdowns of new laws, and decisions and general lockdown updates.

"Now, as we are beginning to emerge out of lockdown, our focus is on rebuilding, renewing and helping

REASONS TO JOIN THE CHAMBER

1. Networking with other businesses
2. Local Events, including the Omagh Business Awards & Christmas Charity Lunch
3. Member-only offers
4. Direct Government Lobbying
5. Up to date information
6. Social Media & Website promotion opportunities
7. Training/Workshops for members
8. Corporate Social Responsibility opportunities

businesses to emerge stronger than before.

"The best way to do this is through regular communication – we do this

collectively, individually and in small groups. We listen to our members and we respond through lobbying, collaboration and action planning."

The president of Omagh Chamber, Colm Broderick said that now is the time to look ahead, and plan for a brighter future.

"We need to continue to work together so that Omagh can reach its full potential," he said. "Now, is the time to look ahead and plan for a brighter future with renewed hope and optimism.

"As a Chamber, we will continue to work on your behalf but we also need your input, your ideas, your innovation and your expertise.

"I encourage all businesses in the Omagh and surrounding areas to join us and help us to make Omagh the best it can be for everyone."

Omagh Chamber welcomes all business backgrounds; those starting out who are eager and enthusiastic, those who are long established and have a wealth of knowledge, young entrepreneurs who have innovative and creative ideas.

Member testimonials...

"Being a member and taking part within the Chamber is hugely important to me. It provides a platform to network with like-minded people, and enables us to look outwardly at how businesses adapt and prosper in Northern Ireland. I value the membership greatly, and urge business owners to join Omagh Chamber, where they will find a wealth of knowledge and support."

Caroline O'Hagan
 Business Manager, Danske Bank & Vice-President of Omagh Chamber

"Watterson's have been members with the Chamber since the beginning. As an established town centre business, we feel it is important to communicate and collaborate with other businesses in Omagh and the surrounding areas, and to keep up-to-date with what is going on. One of the best ways to do this is through the Chamber of Commerce network. We receive regular updates via email and we find their Facebook page a very use-

ful tool. We are looking forward to the new website they will be launching this summer. If you are a business in Omagh or surrounding area, we would recommend joining the chamber and availing of their services."

Kathryn Watterson, Wattersons

"House of Vixen has been part of Omagh Chamber for many years now. The Chamber of Commerce provides ideal opportunities to network with other businesses and easy access to a dynamic business community."

Brenda O'Donnell, House of Vixen

"We have been a member of the Chamber now for more than five years. The level of support, advice

and networking opportunities provided especially with Brexit and Covid-19 has been invaluable to us. I would recommend any business looking to join to do so, and I would like to commend Bronagh Gormley, Business Development Officer, on the brilliant job she has done throughout the Covid-19 pandemic in keeping the business community of Omagh and surrounding areas updated."

Gareth Kenwell, Kenwell Engineering Ltd

"I only joined the Chamber this month. I decided to join as I felt that the help given through their Facebook page throughout the pandemic was invaluable. It was always up-to-date, and kept me, as a business owner, informed. I wanted to give back by supporting the Chamber and becoming a member."
